7. A confirmation window will appear and the final price will be shown. Click on the **Proceed** button to confirm. If a 100% discount applied, not payment will be made. Else, it will redirect to the payment gateway page.

8. If your platform still showing as 'Free Account', please refresh the page.

Note:

- For the FREE account, it will be upgraded to the selected subscription account type.
- For the subscribed account (Beginner/Developer):
 - If the new subscription is the same account type as current type (Beginner -> Beginner @ Developer -> Developer), the account validity date will be extended.
 - If the new subscription is not the same account type as current type (Beginner -> Developer @ Developer -> Beginner), the account validity date will be reset and it will start from the day they subscribed to the new plan.
